OFFICE OF THE FEDERAL REGISTER

The **FEDERAL REGISTER** (ISSN 0097-6326) is published daily, Monday through Friday, except official holidays, by the Office of the Federal Register, National Archives and Records Administration, Washington, DC 20408, under the Federal Register Act (44 U.S.C. Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). The Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402 is the exclusive distributor of the official edition. Periodicals postage is paid at Washington, DC.

The **FEDERAL REGISTER** provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive Orders, Federal agency documents having general applicability and legal effect, documents required to be published by act of Congress, and other Federal agency documents of public interest.

Documents are on file for public inspection in the Office of the Federal Register the day before they are published, unless the issuing agency requests earlier filing. For a list of documents currently on file for public inspection, see www.ofr.gov.

The seal of the National Archives and Records Administration authenticates the **Federal Register** as the official serial publication established under the Federal Register Act. Under 44 U.S.C. 1507, the contents of the **Federal Register** shall be judicially noticed.

The **Federal Register** is published in paper and on 24x microfiche. It is also available online at no charge at www.fdsys.gov, a service of the U.S. Government Printing Office.

The online edition of the **Federal Register** is issued under the authority of the Administrative Committee of the Federal Register as the official legal equivalent of the paper and microfiche editions (44 U.S.C. 4101 and 1 CFR 5.10). It is updated by 6:00 a.m. each day the **Federal Register** is published and includes both text and graphics from Volume 59, 1 (January 2, 1994) forward. For more information, contact the GPO Customer Contact Center, U.S. Government Printing Office. Phone 202-512-1800 or 866-512-1800 (toll free). E-mail, gpo@custhelp.com.

The annual subscription price for the **Federal Register** paper edition is \$749 plus postage, or \$808, plus postage, for a combined **Federal Register**, **Federal Register** Index and List of CFR Sections Affected (LSA) subscription; the microfiche edition of the **Federal Register** including the **Federal Register** Index and LSA is \$165, plus postage. Six month subscriptions are available for one-half the annual rate. The prevailing postal rates will be applied to orders according to the delivery method requested. The price of a single copy of the daily **Federal Register**, including postage, is based on the number of pages: \$11 for an issue containing less than 200 pages; \$22 for an issue containing 200 to 400 pages; and \$33 for an issue containing more than 400 pages. Single issues of the microfiche edition may be purchased for \$3 per copy, including postage. Remit check or money order, made payable to the Superintendent of Documents, or charge to your GPO Deposit Account, VISA, MasterCard, American Express, or Discover. Mail to: U.S. Government Printing Office—New Orders, P.O. Box 979050, St. Louis, MO 63197-9000; or call toll free 1-866-512-1800, DC area 202-512-1800; or go to the U.S. Government Online Bookstore site, see bookstore.gpo.gov.

Proclamation 9040 of October 11, 2013

National School Lunch Week, 2013

By the President of the United States of America

A Proclamation

In 1946, when American communities bore the weight of endemic malnutrition, and parents struggled to provide their children with decent meals for the long school day, President Harry Truman signed the National School Lunch Act. The law is based on a simple conviction—that in the most powerful Nation on earth, no child should go hungry. And today, with more than 32 million children participating in the National School Lunch Program, strong nutrition at school remains as important as ever. During National School Lunch Week, we recommit to the basic promise that every American child should have a chance to succeed, and we recognize the role nutrition plays in giving our children the opportunity to reach for their dreams.

My Administration is working to fulfill our essential commitment to America's sons and daughters. For too many of our children, food served at school may be their only regular meals, providing the sustenance they need to focus and excel. With the Healthy, Hunger-Free Kids Act, we expanded access to school meals while taking action to combat childhood obesity. Obesity now affects 17 percent of all children and adolescents in the United States—triple the rate from just one generation ago—and that means more of our children are at risk for preventable health problems including diabetes and heart disease. We updated nutritional standards for school meals, balancing calories and limiting fat and sodium while increasing servings of fruits, vegetables, and whole grains. First Lady Michelle Obama's *Let's Move!* initiative works with elected officials, parents, schools, and communities to help young people and their parents access healthy foods and make healthy choices, empowering students to be engaged in the classroom and active throughout their lives.

As he signed the National School Lunch Act into law, President Truman reminded us that “In the long view, no nation is any healthier than its children.” This week, as we look to a healthy future, we give our thanks to the food program administrators, educators, parents, and communities who are doing their part to get us there.

The Congress, by joint resolution of October 9, 1962 (Public Law 87–780), as amended, has designated the week beginning on the second Sunday in October each year as “National School Lunch Week” and has requested the President to issue a proclamation in observance of this week.

NOW, THEREFORE, I, BARACK OBAMA, President of the United States of America, do hereby proclaim the week of October 13 through October 19, 2013, as National School Lunch Week. I call upon all Americans to join the dedicated individuals who administer the National School Lunch Program in appropriate activities that support the health and well-being of our Nation's children.

IN WITNESS WHEREOF, I have hereunto set my hand this eleventh day of October, in the year of our Lord two thousand thirteen, and of the Independence of the United States of America the two hundred and thirty-eighth.

Proclamation 9041 of October 11, 2013

Columbus Day, 2013

By the President of the United States of America

A Proclamation

Late in the summer of 1492, Christopher Columbus, a renowned navigator and fearless adventurer, set out with three ships into uncharted waters. He hoped to discover a new route to the east—opening trade routes for precious spices and paving the way for his patrons, Ferdinand II and Isabella I, to expand their empire. Instead, more than two months later, his crew spotted the Bahamas, and our world was changed forever.

A son of Genoa, Italy, Columbus blazed a trail for generations of Italians who followed his path across the Atlantic. As we mark the anniversary of his voyage, our Nation embraces the many ways Italian Americans have enriched our culture and our communities—as soldiers who defend our Nation in times of war, as leaders and laborers, as educators and entrepreneurs. This deep-rooted heritage has come to define who we are as a Nation, and it has helped us forge an extraordinary transatlantic partnership with the people of Italy.

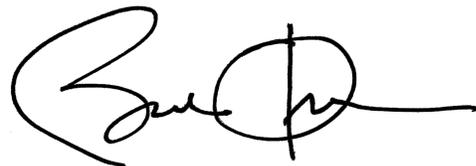

As Christopher Columbus and his crew made landfall, they could not have foreseen the ways in which their journey would shake contemporary understanding of the world, or the lasting mark their arrival would leave on the Native American societies they encountered. So as we celebrate the bold legacy of Christopher Columbus, we also pay tribute to the honorable yet arduous history of Native Americans, with whom the United States will always maintain strong nation-to-nation relationships.

As today's dreamers, explorers, scientists, and engineers set their sights on the next great discovery, may they be inspired by Christopher Columbus's tale of unbounded courage and unwavering spirit. And as we pursue knowledge and progress, may we never lose sight of our shared humanity.

In commemoration of Christopher Columbus's historic voyage 521 years ago, the Congress, by joint resolution of April 30, 1934, and modified in 1968 (36 U.S.C. 107), as amended, has requested the President proclaim the second Monday of October of each year as "Columbus Day."

NOW, THEREFORE, I, BARACK OBAMA, President of the United States of America, do hereby proclaim October 14, 2013, as Columbus Day. I call upon the people of the United States to observe this day with appropriate ceremonies and activities. I also direct that the flag of the United States be displayed on all public buildings on the appointed day in honor of our diverse history and all who have contributed to shaping this Nation.

IN WITNESS WHEREOF, I have hereunto set my hand this eleventh day of October, in the year of our Lord two thousand thirteen, and of the Independence of the United States of America the two hundred and thirty-eighth.

A handwritten signature in black ink, appearing to be Barack Obama's signature, consisting of a large 'B', a cursive 'a', and a stylized 'O' with a vertical line through it, followed by a horizontal stroke.

Proclamation 9042 of October 11, 2013

Blind Americans Equality Day, 2013

By the President of the United States of America

A Proclamation

Blind and visually impaired persons have always played an important role in American life and culture, and today we recommit to our goals of full access and opportunity. Whether sprinting across finish lines, leading innovation in business and government, or creating powerful music and art, blind and visually impaired Americans imagine and pursue ideas and goals that move our country forward. As a Nation, it is our task to ensure they can always access the tools and support they need to turn those ideas and goals into realities.

My Administration is committed to advancing opportunity for people with disabilities through the Americans with Disabilities Act and other important avenues. In June of this year, the United States joined with over 150 countries in approving a landmark treaty that aims to expand access for visually impaired persons and other persons with print disabilities to information, culture, and education. By facilitating access to books and other printed material, the treaty holds the potential to open up worlds of knowledge. If the United States becomes a party to this treaty, we can reduce the book famine that confronts the blind community while maintaining the integrity of the international copyright framework.

The United States was also proud to join 141 other countries in signing the Convention on the Rights of Persons with Disabilities in 2009, and we are working toward its ratification. Americans with Disabilities, including those who are blind or visually impaired, should have the same opportunities to work, study, and travel in other countries as any other American, and the Convention can help us realize that goal.

To create a more level playing field and ensure students with disabilities have access to the general education curriculum, the Department of Education issued new guidance in June for the use of Braille as a literacy tool under the Individuals with Disabilities Education Act. This guidance reaffirms my Administration's commitment to using Braille to open doors for students who are blind or visually impaired, so every student has a chance to succeed in the classroom and graduate from high school prepared for college and careers.

We have come a long way in our journey toward a more perfect Union, but we still have work ahead. We must fulfill the promise of life, liberty, and the pursuit of happiness and expand the freedom to make of our lives what we will. On this day, we celebrate the accomplishments of our blind and visually impaired citizens, and we recommit to building a Nation where all Americans, including those who are blind or visually impaired, live with the assurance of equal opportunity and equal respect.

By joint resolution approved on October 6, 1964 (Public Law 88-628, as amended), the Congress designated October 15 of each year as "White Cane Safety Day" to recognize the contributions of Americans who are blind or have low vision. Today, let us recommit to ensuring we remain a Nation where all our people, including those with disabilities, have every opportunity to achieve their dreams.

NOW, THEREFORE, I, BARACK OBAMA, President of the United States of America, by virtue of the authority vested in me by the Constitution and the laws of the United States, do hereby proclaim October 15, 2013, as Blind Americans Equality Day. I call upon public officials, business and community leaders, educators, librarians, and Americans across the country to observe this day with appropriate ceremonies, activities, and programs.

IN WITNESS WHEREOF, I have hereunto set my hand this eleventh day of October, in the year of our Lord two thousand thirteen, and of the Independence of the United States of America the two hundred and thirty-eighth.

Notice of October 16, 2013

Continuation of the National Emergency With Respect to Significant Narcotics Traffickers Centered in Colombia

On October 21, 1995, by Executive Order 12978, the President declared a national emergency with respect to significant narcotics traffickers centered in Colombia pursuant to the International Emergency Economic Powers Act (50 U.S.C. 1701–1706) to deal with the unusual and extraordinary threat to the national security, foreign policy, and economy of the United States constituted by the actions of significant narcotics traffickers centered in Colombia and the extreme level of violence, corruption, and harm such actions cause in the United States and abroad.

The actions of significant narcotics traffickers centered in Colombia continue to threaten the national security, foreign policy, and economy of the United States and to cause an extreme level of violence, corruption, and harm in the United States and abroad. For these reasons, the national emergency declared in Executive Order 12978 of October 21, 1995, and the measures adopted pursuant thereto to deal with that emergency, must continue in effect beyond October 21, 2013. Therefore, in accordance with section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)), I am continuing for 1 year the national emergency with respect to significant narcotics traffickers centered in Colombia declared in Executive Order 12978.

This notice shall be published in the *Federal Register* and transmitted to the Congress.

[Docket No. CP13-551-000]

Transcontinental Gas Pipe Line Company, LLC; Notice of Application

Take notice that on September 30, 2013, Transcontinental Gas Pipe Line Company, LLC (Transco), 2800 Post Oak Boulevard, Houston, Texas, 77056, filed an application in Docket No. CP13-551-000 pursuant to Sections 7(b) and 7(c) of the Natural Gas Act (NGA), and Part 157 of the Commission's regulations, for a certificate of public convenience and necessity to construct and operate its Leidy Southeast Project. The project will enable Transco to provide an additional 525,000 dekatherms per day of incremental firm transportation service from two receipt points on Transco's Leidy Line in Pennsylvania to various delivery points along Transco's Mainline as far south as Transco's existing Station 85 Zone 4 and 4A Pooling Points in Choctaw County, Alabama. Specifically, the project will involve approximately 29.97 miles of new 42-inch pipeline looping facilities; the net addition of 71,900 horsepower at four existing compressor stations; and minor auxiliary modifications; and replacement of one compression unit at Transco's Compressor Station 517 in Columbia County, Pennsylvania, all as more fully set forth in the application, which is on file with the Commission and open to public inspection. This filing may also be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

Any questions regarding this application should be directed to Bela Patel, Transcontinental Gas Pipe Line Company, LLC, P.O. Box 1396, Houston, Texas, 77251, or by calling (713) 215-2659 or email PipelineExpansion@williams.com.

On January 29, 2013, the Commission staff granted Transco's request to use the pre-filing process and assigned Docket No. PF13-5-000 to staff activities involving the Leidy Southeast Project. Now, as of the filing of this application on September 30, 2013, the NEPA Pre-Filing Process for this project has ended. From this time forward, this proceeding will be conducted in Docket No. CP13-551-000, as noted in the caption of this Notice.

Pursuant to section 157.9 of the Commission's regulations, 18 CFR 157.9, within 90 days of this Notice, the Commission's staff will either complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission's staff issuance of the EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to reach a final decision on a request for federal authorization within 90 days of the date of issuance of the Commission staff's EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of

all documents filed by the applicant and by all other parties. A party must submit 7 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.

Comment Date: 5:00 p.m. Eastern Time on October 31, 2013.

Dated: October 10, 2013.

[Docket No. CP13-552-000; Docket No. CP13-553-000]

Sabine Pass Liquefaction Expansion, LLC, Sabine Pass Liquefaction, LLC, and Sabine Pass LNG, L.P., Cheniere Creole Trail Pipeline, L.P.; Notice of Application

Take notice that on September 30, 2013, Sabine Pass Liquefaction Expansion, LLC, Sabine Pass Liquefaction, LLC, and Sabine Pass LNG, L.P. (collectively referred to as Sabine Pass) filed with the Federal Energy Regulatory Commission an application under section 3(a) of the Natural Gas Act (NGA) for authorization to site, construct, and operate additional liquefied natural gas (LNG) export facilities at the Sabine Pass LNG Terminal in Cameron Parish, Louisiana, which was originally approved by the Commission in CP11-72-000. The proposed facilities, referred to as the Liquefaction Expansion Project (or Stage 3), would consist of two new LNG liquefaction trains 5 and 6 and would increase the terminal's export capacity by 503 Bcf per year (251.5 Bcf per liquefaction train).

In addition, Cheniere Creole Trail Pipeline, L.P. (CCTPL) filed, in the same application, a request under section 7(c) of the NGA, for authorization to construct, own, and operate new interstate natural gas pipeline, compression, and related facilities in the State of Louisiana, referred to as the CCTPL Expansion Project, that would provide up to an additional 1.5 billion cubic feet per day (Bcf/d) of firm reverse flow capacity on the existing Cheniere Creole Trail pipeline system. In addition, the CCTPL Expansion Project would provide up to 2.0 Bcf/d of firm transportation capacity on newly proposed Zone 2 facilities, which would extend the CCTPL Pipeline to new receipt points providing access to the systems of Columbia Gulf Transmission Company, Pine Prairie Energy Center, ANR Pipeline Company, and Texas Gas Transmission, LLC. The new pipeline facilities would consist of

approximately 104.3 miles of new 42-inch- and 36-inch pipeline (loop, mainline extension, and laterals), and 53,000 hp of additional compression at the new Mamou Compressor Station in Evangeline Parish, LA.

This application is on file with the Commission and open to public inspection. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site web at <http://www.ferc.gov> using the "eLibrary" link. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

Any questions regarding the application should be directed to Patricia Outtrim or Rina Chang, Cheniere Energy, Inc., 700 Milam Street, Suite 800, Houston, TX 77002, by phone at (713) 375-5000 or by email at pat.outtrim@cheniere.com or rina.chang@cheniere.com or to Lisa M. Toney or Tania S. Perez, Fulbright & Jaworski LLP, 666 Fifth Avenue, New York, NY 10103, by telephone at (212) 318-3009 or by email at lisa.toney@nortonrosefulbright.com or tania.perez@nortonrosefulbright.com.

On March 8, 2013, the Commission staff granted Sabine Pass' and CCTPL's request to utilize the Pre-Filing Process and assigned Docket No. PF13-8-000 to staff activities involved the Sabine Pass Liquefaction Expansion and CCTPL Expansion Project's. Now as of the filing the September 30, 2013 application, the Pre-Filing Process for these projects has ended. From this time forward, this proceeding will be conducted in Docket Nos. CP13-552-000 and CP13-553-000, as noted in the caption of this Notice.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all

federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right

to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

[Project No. 2305-000]

Sabine River Authority of Texas; Sabine River Authority, State of Louisiana; Notice of Authorization for Continued Project Operation

On September 30 2011, the Sabine River Authority of Texas and Sabine River Authority, State of Louisiana (Sabine River Authorities), licensee(s) for the Toledo Bend Hydroelectric Project, filed an Application for a New License pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. The Toledo Bend Hydroelectric Project affects lands and waters in Panola, Shelby, Sabine, and Newton Counties, Texas, and Desoto, Sabine, and Vernon Parishes, Louisiana.

The license for Project No. 2305 was issued for a period ending September 30, 2013. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year-to-year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of section 15 of the FPA, then, based on section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license

after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 2305 is issued to the licensee for a period effective October 1, 2013 through September 30, 2014 or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before September 30, 2014, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to section 15 of the FPA, notice is hereby given that the licensee(s), Sabine River Authorities, are authorized to continue operation of the Toledo Bend Hydroelectric Project, until such time as the Commission acts on its application for a subsequent license.

- i. *FERC Contact:* John Mudre at (202) 502-8902 or email at *john.mudre@ferc.gov*.
- j. This application is not ready for environmental analysis at this time.
- k. *Project Description:* The existing Hogansburg Project consists of: (1) A reservoir having a surface area of about 18.6 acres and a maximum storage capacity of approximately 112 acre-feet; (2) a 247-foot-long, 11.5-foot-high concrete gravity dam with a spillway crest elevation of 165.2 feet above mean sea level; (3) a 34-foot-long, 22-foot-high stoplog gate structure; (4) a 45-foot by 48-foot integrated intake/powerhouse structure at the dam's right abutment; (5) a single S. Morgan Smith vertical propeller generating unit having a rated capacity of 485 kilowatts; (6) a 600-foot-long tailrace having varying widths between 24 feet and 100 feet; and (7) 2.4-kilovolt (kV) generator leads extending about 25 feet to an adjacent electrical substation containing a 2.4/4.8-kV, 600-kilovolt-amperes, step-up transformer bank. A transmission line owned and operated by National Grid Corporation connects directly to the substation. Power generated at the project interconnects with the electrical grid at the substation.
- At the time the Commission issued the original license for the Hogansburg Project (1985), the Commission's

regulations did not require minor projects occupying non-federal lands to have an established project boundary. Therefore, the boundary for the project is being established through this relicensing process.

l. *Locations of the Application:* A copy of the application is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at *http://www.ferc.gov* using the "eLibrary" link. j. Deadline for filing motions to intervene and protests: 60 days from the issuance date of this notice.

The Commission strongly encourages electronic filing. Please file motions to intervene and protests using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208-3676 (toll free), or (202) 502-8659 (TTY). In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. The first page of any filing should include docket number P-7320-042.

The Commission's Rules of Practice require all intervenors filing documents with the Commission to serve a copy of that document on each person on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. This application has been accepted, but is not ready for environmental analysis at this time.

l. The existing Chasm Project consists of: (1) A 201-foot-long, 32-foot-high maximum height concrete gravity-type dam having a spillway section with crest elevation 1,283.8 feet mean sea level (msl) about 100 feet long, surmounted by 2-foot-high flashboards and having an intake section with steel trash racks and headgates; (2) a reservoir having a surface area of about 22 acres and a gross storage capacity of 74 acre-feet at normal pool elevation of 1,285.8 feet msl; (3) a 7-foot-diameter welded steel pipeline approximately 3,355 feet in length connecting to a 6-foot-diameter steel manifold pipeline just upstream of the powerhouse; (4) a powerhouse containing three Francis-type generating units having a total rated capacity of 3,350 kilowatts operated under a 268-foot head and at a flow of 195 cubic feet per second; (5) a 20-foot-wide, 850-foot-long tailrace; (6) 50-foot-long buried generator leads extending from the powerhouse to a non-project substation owned and operated by National Grid; and (7) appurtenant facilities.

m. A copy of the application is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the

document. For assistance, contact FERC Online Support. A copy is also available for inspection and reproduction at the address in item h above.

You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

n. Anyone may submit a protest or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, 385.211, and 385.214. In determining the appropriate action to take, the Commission will consider all protests filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any protests or motions to intervene must be received on or before the specified deadline date for the particular application.

All filings must (1) bear in all capital letters the title "PROTEST" or "MOTION TO INTERVENE;" (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. Agencies may obtain copies of the application directly from the applicant. A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application.

Sunoco Pipeline L.P.; Notice of Petition for Declaratory Order

Take notice that on October 9, 2013, pursuant to Rule 207(a)(2) of the Commission's Rules of Practices and Procedure, 18 CFR 385.207(a)(2)(2013), Sunoco Pipeline L.P. (SPLP) filed a petition requesting a declaratory order approving priority service and the overall tariff and rate structure for its proposed Eaglebine Express Project, as further described in the petition.

Any person desiring to intervene or to protest in this proceeding must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5:00 p.m. Eastern Time on the specified comment date. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Petitioner.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 5 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St. NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. [Project No. 13567–001]

City of Guttenberg; Notice of Successive Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

On July 2, 2013, the City of Guttenberg filed an application for a successive preliminary permit, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of the Guttenberg Water Power Project to be located on the Mississippi River, near the township of Guttenberg, in Clayton County, Iowa. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed project would consist of the following: (1) An existing 140-foot-wide by 280-foot-long auxiliary lock; (2) a new 110-foot-wide by 250-foot-long concrete powerhouse containing four new 5-mega-watt (MW) pit-type horizontal turbine units for a total capacity of 20 MW; (3) an existing local step-up transformer; (4) a new 300-foot-long, 69-kilovolt (kV) transmission line extending from the local transformer to the local grid (the point of interconnection) which is owned and operated by the City of Guttenberg; and (5) appurtenant facilities. The estimated annual generation of the Guttenberg Water Power Project would be 63,400 megawatt-hours.

Applicant Contact: Mr. Barry Dykhuizen, City of Guttenberg, P.O. Box 580, 502 S. 1st Street, Guttenberg, IA 52052–0580; phone: (563) 252–1161, extension 109.

[Docket No. CD14-1-000]

North Side Canal Company; Notice of Preliminary Determination of a Qualifying Conduit Hydropower Facility and Soliciting Comments and Motions To Intervene

On October 3, 2013, North Side Canal Company, filed a notice of intent to construct a qualifying conduit hydropower facility, pursuant to section 30 of the Federal Power Act, as amended by section 4 of the Hydropower Regulatory Efficiency Act of 2013 (HREA). The U Canal Hydro #2 Project would be located along North Side Canal Company's irrigation system on the U Canal in Jerome County, Idaho.

Applicant Contact: Alan W. Hansten, Manager, North Side Canal Company,

Ltd., 921 North Lincoln, Jerome, ID 83338, Phone No. (208) 324-2319.

FERC Contact: Christopher Chaney, Phone No. (202) 502-6778, email: christopher.chaney@ferc.gov.

Qualifying Conduit Hydropower Facility Description: The proposed project would consist of: (1) A proposed 1,500-foot-long, 15-foot-diameter penstock receiving water from a 1,600-foot-long realigned section of the U Canal; (2) a proposed 48-foot-wide by 105-foot-long powerhouse, containing one 4,800-kilowatt generating unit; (3) a proposed tailrace returning flows to the U Canal; and (4) appurtenant facilities. The proposed project would have an estimated annual generating capacity of 16,215 megawatt-hours.

A qualifying conduit hydropower facility is one that is determined or deemed to meet all of the criteria shown in the table below.

TABLE 1—CRITERIA FOR QUALIFYING CONDUIT HYDROPOWER FACILITY

Statutory provision	Description	Satisfies (Y/N)
FPA 30(a)(3)(A), as amended by HREA	The conduit the facility uses is a tunnel, canal, pipeline, aqueduct, flume, ditch, or similar manmade water conveyance that is operated for the distribution of water for agricultural, municipal, or industrial consumption and not primarily for the generation of electricity.	Y
FPA 30(a)(3)(C)(i), as amended by HREA	The facility is constructed, operated, or maintained for the generation of electric power and uses for such generation only the hydroelectric potential of a non-federally owned conduit.	Y
FPA 30(a)(3)(C)(ii), as amended by HREA	The facility has an installed capacity that does not exceed 5 megawatts	Y
FPA 30(a)(3)(C)(iii), as amended by HREA	On or before August 9, 2013, the facility is not licensed, or exempted from the licensing requirements of Part I of the FPA.	Y

Preliminary Determination: Based upon the above criteria, Commission staff preliminarily determines that the proposal satisfies the requirements for a qualifying conduit hydropower facility not required to be licensed or exempted from licensing.

Comments and Motions To Intervene: Deadline for filing comments contesting whether the facility meets the qualifying criteria is 45 days from the issuance date of this notice.

Deadline for filing motions to intervene is 30 days from the issuance date of this notice.

Anyone may submit comments or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210 and 385.214. Any motions to intervene must be received on or before the specified deadline date for the particular proceeding.

Filing and Service of Responsive Documents: All filings must (1) bear in all capital letters the "COMMENTS CONTESTING QUALIFICATION FOR A

CONDUIT HYDROPOWER FACILITY" or "MOTION TO INTERVENE," as applicable; (2) state in the heading the name of the applicant and the project number of the application to which the filing responds; (3) state the name, address, and telephone number of the person filing; and (4) otherwise comply with the requirements of sections 385.2001 through 385.2005 of the Commission's regulations.¹ All comments contesting Commission staff's preliminary determination that the facility meets the qualifying criteria must set forth their evidentiary basis.

The Commission strongly encourages electronic filing. Please file motions to intervene and comments using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your

FEDERAL RESERVE SYSTEM

Proposed Agency Information Collection Activities; Comment Request

AGENCY: Board of Governors of the Federal Reserve System.

SUMMARY: On June 15, 1984, the Office of Management and Budget (OMB) delegated to the Board of Governors of the Federal Reserve System (Board) its approval authority under the Paperwork Reduction Act (PRA), pursuant to 5 CFR 1320.16, to approve of and assign OMB control numbers to collection of information requests and requirements conducted or sponsored by the Board under conditions set forth in 5 CFR Part 1320, Appendix A.1. Board-approved collections of information are incorporated into the official OMB inventory of currently approved collections of information. Copies of the Paperwork Reduction Act Submission, supporting statements and approved collection of information instruments are placed into OMB's public docket files. The Federal Reserve may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

DATES: Comments must be submitted on or before December 17, 2013.

ADDRESSES: You may submit comments, identified by FR 3064a and FR 3064b, by any of the following methods:

- Agency Web site: <http://www.federalreserve.gov>. Follow the instructions for submitting comments at <http://www.federalreserve.gov/apps/foia/proposedregs.aspx>.

SUPPLEMENTARY INFORMATION:

Request for Comment on Information Collection Proposal

The following information collection, which is being handled under this delegated authority, has received initial Board approval and is hereby published for comment. At the end of the comment period, the proposed information collection, along with an analysis of comments and recommendations received, will be submitted to the Board for final approval under OMB delegated authority. Comments are invited on the following:

- a. Whether the proposed collection of information is necessary for the proper performance of the Federal Reserve's functions; including whether the information has practical utility;
- b. The accuracy of the Federal Reserve's estimate of the burden of the

proposed information collection, including the validity of the methodology and assumptions used;

- c. Ways to enhance the quality, utility, and clarity of the information to be collected;

- d. Ways to minimize the burden of information collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

- e. Estimates of capital or start up costs and costs of operation, maintenance, and purchase of services to provide information.

Proposal to approve under OMB delegated authority the extension, with revision, of the following report:

Report title: Interchange Transaction Fees Surveys.¹

Agency form numbers: FR 3064a and FR 3064b.

OMB control number: 7100-0344.

Frequency: FR 3064a—Biennial; FR 3064b—Annual.

Reporters: Issuers of debit cards (FR 3064a) and payment card networks (FR 3064b).

Estimated annual reporting hours: FR 3064a: 111,600 hours; FR 3064b: 1,350 hours. *Estimated average hours per response* FR 3064a: 200 hours; FR 3064b: 75 hours.

Number of respondents: FR 3064a: 558; FR 3064b: 18.

General description of report: This information collection is authorized by subsection 920(a) of the Electronic Fund Transfer Act, which was amended by section 1075(a) of the Dodd-Frank Act, 15 U.S.C. 1693o-2. This subsection requires the Board to disclose (on a biennial basis) aggregate or summary information concerning the costs incurred, and interchange transaction fees charged or received, by issuers or payment card networks in connection with the authorization, clearance or settlement of electronic debit transaction as the Board considers appropriate and in the public interest. 15 U.S.C. 1693o-2(a)(3)(B). It also provides the Board with authority to require issuers and payment card networks to provide information to enable the Board to carry out the provisions of the subsection. Response to these surveys is mandatory.

In accordance with the statutory requirement, the Board currently releases aggregate or summary information from the survey responses, and, average interchange fees at the network level. In addition, the Board

¹ The proposed debit card issuer and payment card network surveys, supporting statement, and other documentation are available on the Board's public Web site at: <http://www.federalreserve.gov/apps/reportforms/review.aspx>.

will release, at the network level, the percentage of total number of transactions, the percentage of total value of transactions, and the average transaction value for exempt and non-exempt issuers obtained on the FR 3064b. The Board has determined to release this information both because it can already be calculated based on the information the Board currently releases on average interchange fees and because the Board believes the release of such information may be useful to issuers and merchants in choosing payment card networks in which to participate and to policymakers in assessing the effect of Regulation II on the level of interchange fees received by issuers over time. However, the remaining individual issuer and payment card information collected on these surveys will be treated as confidential under exemption (b)(4) of the Freedom of Information Act (FOIA), which protects information that, if released, would cause substantial harm to the competitive position of the survey respondents. 5 U.S.C. 552(b)(4) (exempting from disclosure “trade secrets and commercial or financial information obtained from a person and privileged or confidential”).

Abstract: The Wall Street Reform and Consumer Protection Act of 2010 (Dodd-Frank Act) requires the Board to disclose (on a biennial basis) aggregate or summary information concerning the costs incurred, and interchange transaction fees charged or received, by issuers or payment card networks in connection with the authorization, clearing, or settlement of electronic debit transactions as the Board considers appropriate or in the public interest. The data from these surveys are used in fulfilling that disclosure requirement. In addition, the Board uses data from the payment card network survey (FR 3064b) to publicly report on an annual basis the extent to which networks have established separate interchange fees for exempt and covered issuers.² Finally, the Board uses the data from these surveys in determining whether to propose revisions to the interchange fee standards in Regulation II (12 CFR Part 235). The Dodd-Frank Act provides the Board with authority to require debit card issuers and payment card networks to submit information in order to carry out provisions of the Dodd-Frank Act regarding interchange fee standards.

Current Actions: The Board proposes to revise the debit card issuer survey

² Average debit card interchange fee by payment card network, <http://www.federalreserve.gov/paymentsystems/regii-average-interchange-fee.htm>.

(FR 3064a) to collect data on costs of authorization, clearance, and settlement broken out by variable costs and fixed costs, and to instruct respondents to exclude transactions monitoring from the calculation of costs of authorization, clearance, and settlement, as transactions monitoring costs are already collected elsewhere on the survey form. In addition, the Board proposes that, for the data collection for calendar year 2013, the survey be made available to respondents by February 3, 2014, with a filing deadline of March 17, 2014.

The Board proposes to revise the payment card network survey (FR 3064b) to collect data on exempt general-use prepaid card transactions broken out between transactions using cards issued by an issuer that qualifies for the small issuer exemption and transactions using cards issued by a non-exempt issuer. In addition, the Board proposes to modify the confidentiality status of FR 3064b to allow for the public release of more data at the network level, specifically, average transaction values, and proportions of transactions for exempt and non-exempt issuers for each network.

Lastly, The Board proposes to make several clarifications throughout both surveys and delete data items applicable to specific timeframes that are no longer relevant.

The proposed revisions to both surveys would be effective for the collection of calendar year 2013 data, collected as of December 31, 2013.

Proposed Revisions to FR 3064a

Section I: Respondent Information:

Questions 3: Do you have a general-use prepaid card program?—The Board proposes to delete question 3 because it is redundant.

Section II: All Debit Card Transactions and Section V: General-Use Prepaid Card Transactions

Question 1: General-use prepaid card exemption: Exempt vs. non-exempt general-use prepaid card transactions—The Board proposes to modify question 1.d by deleting line item 1d.1 (Volume and Value), All general-use prepaid card transactions between January 1 and September 30, 2011, as this timeframe is no longer relevant. Subsequent line items 1d.2 and 1d.3 would be renumbered as 1d.1 and 1d.2.

Section II: All Debit Card Transactions, Section III: All Single-Message (PIN) Debit Card Transactions, Section IV: All Dual-Message (Signature) Debit Card Transactions, and Section V: General-Use Prepaid Card Transactions

Question 3: Costs of authorization, clearance, and settlement—The Board proposes to add questions 3e and 3f to break out the fixed and variable cost components for line items 3b.1 In-house costs and 3b.2 Third-party processing fees, respectively. Definitions for variable and fixed costs would be added to the instructions.³ A break-out of variable and fixed costs would provide the Board with sufficient flexibility to respond to possible outcomes of pending litigation regarding Regulation II.

The Board proposes to modify the instructions for question 3 to exclude transactions monitoring costs as part of the costs of authorization, clearance, and settlement. Transactions monitoring costs are currently reported in Question 5, Fraud prevention and data security costs, line item 5a.1 Transactions monitoring cost tied to authorization.

General Instructions

The Board proposes to change the timing for conducting the calendar year 2013 survey. Currently, the debit card issuer survey becomes available to respondents in mid-February with responses due within 60 days. To enable the Board to collect and use updated data if necessary to respond quickly to pending litigation regarding Regulation II, the Board proposes to accelerate the schedule for calendar year 2013 survey, making the survey available by February 3, 2014, with responses due by March 17, 2014. Future surveys would revert to the original schedule (mid-February to mid-April).

Proposed Revisions to FR 3064b

Section I: Respondent Information

Is your payment card network a single-message (PIN) or dual-message (signature) network? Although no revisions are proposed to this question, the Board requests comment on a payment card network's ability to process single-message transactions across dual-message networks and vice versa. In addition, the Board requests comment on how such transactions should be categorized. Based on this feedback, the instructions for this

³ Fixed costs would be defined as costs that do not vary with changes in the number or value of transaction over the course of the reporting period (i.e., calendar year 2013 for this application of the survey).

question may be clarified as to how to categorize such transactions.

Section II: Debit Card Transactions

Small issuer exemption: Transactions using card of exempt vs. non-exempt issuers—The Board proposes to revise this section by deleting line item 1e.1 (Volume and Value), All settled purchase transactions between (January 1, 2011–September 30, 2011), as this timeframe is no longer relevant. Subsequent line items 1e.2 and 1e.3 would be renumbered as 1e.1 and 1e.2.

Transactions using card of exempt vs. non-exempt issuers (January 1, 2011–September 30, 2011)—The Board proposes to revise this section by deleting line items 1f through 1f.2 as this timeframe is no longer relevant. Subsequent line items would be renumbered accordingly.

General-use prepaid card exemption: Exempt vs. non-exempt general-use prepaid card transactions and General-use prepaid card exemption: Interchange fees on exempt vs. non-exempt card transactions—The Board proposes to revise line items 1g and 2i by requiring networks to allocate volume, value, and interchange fee revenue for exempt general-use prepaid card transactions between transactions using prepaid cards issued by exempt (small) issuers (adding line items 1g.1.1 and 2i.1.1) and transactions using prepaid cards issued by non-exempt issuers (adding line items 1g.1.2 and 2i.1.2). Currently, payment card networks are required to allocate volume and value of general-use prepaid card transactions, and associated interchange fee revenue, between exempt and non-exempt general-use prepaid card transactions and interchange fees. Under Regulation II, a general-use prepaid card transaction may be exempt from the interchange fee standards either because the card is issued by an issuer that qualifies for the small issuer exemption or because the card qualifies for the prepaid card exemption, irrespective of the size of the issuer. The proposed break-out of these data would allow the Board to determine which type of exemption applies to each exempt transaction, thus improving interpretation of these data.

Small issuer exemption: Interchange fees on transactions using card of exempt vs. non-exempt issuers—The Board proposes to revise this section by deleting line items 2g.1, All interchange fees paid to issuers between (January 1, 2011–September 30, 2011), and 2g.3, Interchange fees paid to non-exempt issuers between (October 1, 2011–December 31, 2011), as these timeframes

are no longer relevant. Subsequent line item 2g.2 would be renumbered as 2g.1.

Interchange fees on transactions using card of exempt vs. non-exempt issuers (January 1, 2011–September 30, 2011)—The Board proposes to revise this section by deleting line items 2h through 2h.2 as this timeframe is no longer relevant. Subsequent line items would be renumbered accordingly.

Small issuer exemption: Network fees received from exempt vs. non-exempt issuers—The Board proposes to revise this section by deleting line items 3c.1, All network fees received from issuers that settled between January 1, 2011–September 30, 2011, and line items 3d through 3d.2, as these timeframes are no longer relevant. Subsequent line items would be renumbered 3c.1 and 3c.2.

Small issuer exemption: Payments and incentives paid to exempt vs. non-exempt issuers—The Board proposes to revise this section by deleting line items 4c.1, All payments and incentives paid to issuers between January 1, 2011–September 30, 2011, and line items 4d through 4d.2, as these timeframes are no longer relevant. Subsequent line items would be renumbered 4c.1 and 4c.2.

General Instructions

Response Confidentiality and Burden—The Board proposes to revise the confidentiality statement to indicate that the Board may release some information identified by network, rather than in the aggregate, by total, or as an average. The Board currently publishes this information only at the aggregate levels across networks for signature, PIN, and total debit card transactions: The percent of total number of transactions for exempt and non-exempt issuers; the percent of total value of transactions for exempt and non-exempt issuers; and the average transaction value for exempt, non-exempt, and all issuers. This information can already be calculated at the network level from the information the Board currently releases on average interchange fees. Network-specific information may be useful to issuers (both exempt and non-exempt) and merchants in choosing payment card networks in which to participate and to policymakers in assessing the effect of Regulation II on the level of interchange fees received by exempt and nonexempt issuers over time. The existing confidentiality statement provides that only the average interchange fees for exempt and non-exempt issuers would be released by network.
